

# My Domain Tools

You dream it.  
We build it.  
Wa-lah!

- Are you building a website from the ground up?**
- Do you have a website that is out dated and in need of maintenance?**
- Have you dropped A LOT of money and resources into your website only to receive minimal results?**
- Struggling to get the word out about your website?**
- Have you been timid about online marketing tools and resources?**

My Domain Tools is a multi-service web design company that integrates creative design, the nuts and bolts of setting up your domain and hosting a site as well as providing marketing strategies and tools to help draw traffic to your website. Our main goal is to provide quality service at a reasonable price to our clients. We have serviced individuals, businesses and non-profit organizations.

### **Here is how we can help you:**

- Build and Design Your Website from Scratch
- Redesign Your Existing Website
- Maintain Your Website  
*(provide additions and revisions)*
- Market Your Website (search engine optimization, email marketing)
- Social Media Implementation and Content Management  
*(blogs, Facebook, Twitter and more)*
- Website Consultations
